## 201205 - Ladders and Steps Safe Usage Course details...

### Course Length:

Half Day

### Entry Requirements:

No entry requirements

### Purpose of course:

The use of ladders is common place in many working situations, yet account for 14 deaths per year. When used correctly, they will allow access to locations usually inaccessible but when used incorrectly, they can be the most unforgiving piece of workplace equipment.

### Objectives of the Course:

This course has been developed to equip operatives with the information required to conduct their work safely. Knowledge of pre-use inspections will be gained to assess the suitability of ladders for particular tasks.

### Who Should Attend:

The course is aimed at all persons who, as part of their duties, use steps, ladders and trestles..

### Course Content:

- Regulations relating to workers on steps and ladders
- Awareness of the Working at Height Regulations
- Precautions and Use of Work Equipment Regulations
- Standards and types
- Selection of ladders and steps
- Pre-use checks and inspections
- Using steps and ladders
- Footing and securing
- Method of carrying and transportation
- Storage and care
- Accessories and attachments
- Delegates assessment of understanding

### Materials:

All delegates will receive course handouts and a certificate of achievement.
